

FUN sand

COLORED PLAY SAND™

An Exciting Play Sand Innovation

FUN sand™

is an Exciting Play Sand Innovation

Available in brilliant, non-staining hues, **FUN sand** is ideal for indoor sand tables, outdoor sandboxes, craft projects, and more!

Unlike most play sands, FUN SAND is made from a truly dustless non-toxic formula, featuring proprietary Dust Lock Additive Technology. No free silica makes for **cleaner, safer sand play both outdoors and indoors.**

Outdoor

Indoor

FUN SAND is environmentally friendly, and can even be used in **reptile enclosures**. Created with thermoplastic infused mineral aggregate, FUN SAND provides a truly unique textural experience. FUN SAND is **semi-moldable** with lifelike attributes different from any other play sand available.

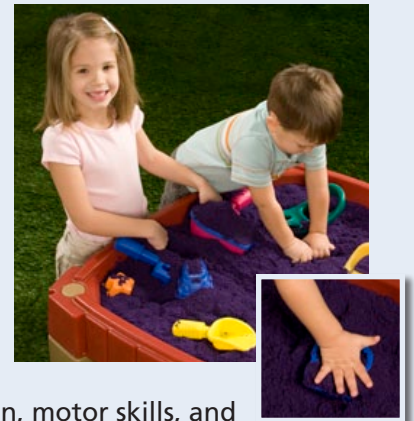

Consumer Safety

FunSand Meets and Surpasses All Lead and Phthalate Content Standards Set Forth by The Consumer Products Safety Commission (CPSC).

FUN SAND is ideal for creative learning and therapeutic environments.

FUN SAND provides **tactile and sensory stimulation**

necessary for the development of children's imagination, motor skills, and hand-eye coordination. Brightly colored FUN SAND is the perfect tool to foster creativity and confidence in any child.

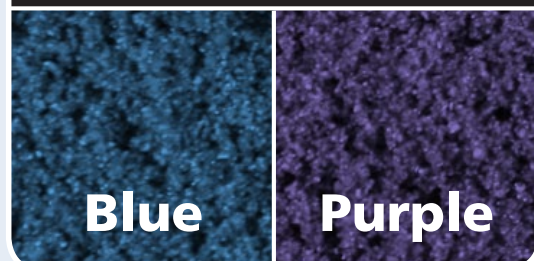

Add the imagination and excitement of vibrant color to sand play with **FUN sand!**

Available Colors

Packaging

Available in **3.3 gallon plastic reusable containers**, FUN SAND is designed for ease of use and portability. Our stackable packaging features the EZ-GRIP™ handle and a hinged lid for convenient storage and dispensing. Our clean, leak-free packaging is unlike other play sand bags that are prone to tears and spilling.

Our easy to stack & store re-usable container features...

- Clean Leak-Free Packaging
- EZ-GRIP™ Handle
- RING-PULL tear strip for easy opening
- EZ-STOR® - Rectangular stackable secure lid
- Unique hinged cover with Open-Lock Lid latch to conveniently dispense product
- Easy to identify colored lids

EZ-STOR Lid

Pails stack (Nest) securely in store displays. Convenient square pail design allows for more pails to be displayed in a smaller footprint.

Open-Lock Lid

Lid remains in locked position allowing for ease of removing and replacing sand into container.

RING-PULL Tear Strip

Convenient easy-open lid design. No tools required. Locking lid design keeps product safely contained when not in use.

Safe Dustless Formula

FUN-sand

FUN SAND features Dust Lock Additive for clean, dustless, safe play.

OTHER PLAY SANDS

Typical play sands contain harmful silica dust.
